Description

- **Application:** Low-maintenance drive unit for rafter rail systems in greenhouses
- **Material:** Galvanized steel for high durability and corrosion resistance
- **Installation height:** 40 mm (from rack center to top of rafter)
- **Mounting:** M10 bolt and locknut connection
- **Features:** Hardened pinion, integrated grease nipples, guiding blocks for rack stability
- **Output force:** Up to 5200 N
- **Ridder Article No.:** 540100

The **TRN 520-3S-H40 pinion house unit** is a compact and robust drive solution for greenhouse ventilation. It ensures precise rack movement and long service life, even under demanding conditions. Compatible with Ridder RW gear motors.
