Description

- **Application:** Guiding push rods in greenhouse shading systems with push-drive mechanisms
- **Material:** Plastic diaboloroller with galvanized steel housing
- **Installation:** Secure mounting thanks to sturdy housing design
- **Feature:** Ensures optimal push rod alignment and smooth movement
- **Packaging Unit:** 50 pcs

Diaboloroller 27.32 with Steel Housing is a proven solution for guiding push rods in shading systems. Its robust design ensures smooth and precise motion, supporting reliable operation even under continuous use.

The roller is made from durable plastic and housed in precision-formed galvanized sheet metal for maximum stability and longevity. Ideal for use in professional greenhouse installations.
