

Overview

Double Pulley 90 mm, slide bearing, outdoor usage - PU = 15 pcs

Product number: 04100107

Options

PU (Pcs)

Description

This pulley is used primarily in housing equipment. It is corrosion-resistant thanks to the stainless steel holder and thus adapted to the conditions in the stable building. The cable pulleys can be used independently from each other. They are intentionally equipped with the slide bearing and not with the ball bearing to avoid corrosion.
