- **Application area:** Greenhouses, fruit and viticulture
- **Material:** High-quality plastic
- **Function:** Stabilizes plant stems, protects against wind and mechanical stress
- **Advantages:** Easy to use, durable, UV-stabilized

The **Rose and fruit clip L 11.5 cm for 4 mm and 3 mm support wire** is an essential tool for securely fastening plant stems in greenhouses as well as in fruit and wine cultivation. Made from high-quality plastic, it provides reliable support for plants without causing damage.

Thanks to its robust design, the clip protects plants from wind and mechanical stress, allowing them to grow and thrive optimally. With a packaging unit of **1,000 pieces**, the rose and fruit clip is perfectly suited for professional use.

Its simple handling enables quick attachment, helping to streamline work processes. In addition, the clips are **UV-stabilized** and particularly durable, maintaining their function even under intense light conditions.

Whether for roses, fruit trees, or grapevines – this clip ensures stable fixation and supports healthy plant growth. A practical and reliable accessory for gardeners and farmers who value quality and efficiency.
