Description

- **Application:** Drive unit for rafter rail systems in greenhouse ventilation
- **Material:** Galvanized steel for strength and corrosion protection
- **Installation height:** 60 mm (from rack center to top of rafter)
- **Mounting:** M10 bolt and locknut connection
- **Features:** Hardened pinion, grease nipples, guiding blocks for precise rack alignment
- **Weld shaft compatibility:** Flat shaft ends for easy coupling
- **Ridder Article No.:** 540000

The **TRN 520-3S-H60 pinion house unit** offers a reliable and low-maintenance solution for greenhouse drive systems. Its increased height allows for flexible mounting, and it ensures smooth rack movement with minimal wear.
