Description

- **Application:** Mounting bracket for attaching energy chains to motor guides
- **Material:** Galvanized steel
- **Mounting:** Pre-punched holes for flexible installation directions
- **Compatibility:** Suitable for all standard 10×10 mm energy chains

The **Roll-up bracket for energy chain** allows secure attachment of energy chains to the motor guide. It features pre-punched mounting holes for flexible positioning and is made of corrosion-resistant galvanized steel for long-term durability.
