- **Wire Diameter:** Suitable for wire ropes up to 3 mm
- **Installation:** Mounted using M6 x 65 bolt and M6 nut

Cable Pulley 90 with clamp 50.50 is a robust and reliable solution for cable guidance in greenhouse shading and ventilation systems. It is bolted directly onto square tubing and aligns precisely with the wire rope for smooth operation.

The pulley is crafted from durable, impact-resistant plastic, while the bracket is made of zinc-plated steel, providing excellent strength and corrosion protection in greenhouse environments.
