Description

- **Application area:** Universal wire tensioner for tightening cables and wires in shading systems
- **Material:** Galvanized steel for high corrosion resistance
- **Size:** 115 mm
- **Special feature:** Versatile use across various applications

The **Galvanized wire tensioner (115 mm)** is a robust and reliable solution for tightening cables and wires in shading systems. Its galvanized surface provides excellent resistance to rust and weathering.

Thanks to its universal design, the tensioner is suitable for a wide range of applications in greenhouse technology and beyond.
