- **Feature:** Protects drives and pipes with a special plastic ring
- **Packing unit:** 25 sets

The **TGU Shaft Hanger Repair Set 1"** provides a convenient solution for quick replacement of damaged shaft hangers. The innovative design allows installation directly around the pipe, eliminating the need for time-consuming disassembly.

Its durable build makes it suitable for both new and older greenhouse systems. The integrated plastic ring helps prevent wear and abrasion on surrounding components.

Ideal for large-scale installations and maintenance, this set enables fast repair by a single person while ensuring a secure, long-lasting connection.
