Description

- **Application area:** Neutral-curing, elastic 1-component silicone sealant for special applications
- **Properties:** Strong adhesion to many substrates, such as Lexan twin-wall sheets
- **Standards:** Complies with DIN 18540 and DIN EN ISO 11600
- **Special features:** Abrasion-resistant, streak-free, and paint-compatible
- **Composition:** Unblended, free from foreign plasticizers
- **Quality testing:** Tested according to ift guideline MO-01/1 and RAL-certified

Transparent silicone for special applications is a high-quality sealant offering excellent adhesion and elasticity. It is particularly suitable for applications requiring reliable sealing.

Thanks to its neutral curing properties, the silicone remains permanently elastic and resistant to external influences. It is abrasion-resistant and leaves no streaks, making it ideal for use on sensitive materials.

This product meets high quality standards and has been tested according to relevant norms to ensure long-lasting and secure performance.
