Overview

U-joint 5/4"

Product number: 24100150

Description

- **Application:** Connecting 5/4" drive shaft tubes
- **Material:** Galvanized steel for high stability and corrosion resistance
- **Function:** Compensates angular misalignment up to 30°
- **Installation:** Welded onto the drive shaft tube
- **Ridder Item No.:** 416725

The **Universal Joint 5/4"** is designed for connecting 5/4" drive shaft tubes and compensates for angular deviations up to 30°. It is welded directly to the shaft and provides a strong and flexible connection.

The galvanized steel construction offers excellent durability and corrosion protection, making it ideal for long-term use in greenhouse systems.
