Description

- **Application:** Supplement for slip joints in shading systems
- **Material:** High-quality spring steel
- **Feature:** Up to two springs can be used per clamp
- **Packaging Unit:** 50 pcs

Spring for slip joint (soft version) is used to **optimize the clamping performance** of slip joints in greenhouse shading systems. The standard slip joint includes one soft spring. If higher flexibility or tension is required, the clamp can be fitted with up to two soft springs.
