Description

- **Function:** Complements the diabolo roller in the stamped sheet metal housing
- **Benefit:** Improves the alignment of the push rod on the diabolo roller
- **Protection:** Prevents contact between the push rod and the screw/nut for steel pipe with the housing
- **Application:** Suitable for suspended and supported push rod systems
- **Compatibility:** For diabolo rollers with M6 axle screw

The **diabolo roller accessory** enhances the guidance and positioning of the push rod in shading systems. It protects the housing from mechanical contact and ensures smooth operation—whether used in suspended or supported configurations.
