Description

- **Product:** Ground fabric anchor Type II
- **Length:** 25 cm
- **Packaging unit:** 120 pieces
- **Application area:** Securing woven ground fabric on cultivation areas
- **Material:** Durable, flexible plastic
- **Function:** Secure hold with barbs for enhanced anchoring
- **Advantages:** UV-stabilized, long-lasting, gentle on the fabric

The **Ground fabric anchor Type II, L 25 cm** is the ideal solution for securely fastening woven ground fabric on cultivation areas. Thanks to its robust design and integrated barbs, it ensures particularly stable anchoring, even in challenging soil conditions.

Made from durable, flexible, and **UV-stabilized plastic**, the anchor offers high resistance to weather conditions and a long service life. The oval fastening disc with rounded edges provides a secure yet gentle hold on the fabric.

With a length of **25 cm**, the anchor ensures a firm grip in the soil and prevents the fabric from shifting. The packaging unit of **120 pieces** makes it ideal for professional use in nurseries and agricultural operations.

An essential tool for gardeners and farmers who value a reliable and long-lasting fastening solution.
