Description

Thanks to two ball bearings, **the 90 mm pulley** is guided particularly securely on the axle and has a high level of stability under shear loads.

The galvanised steel bracket can be attached to your construction with an **M8 screw**. The retaining bracket can also be detached from the pulley to make installation **as easy as possible**, even in installation situations that are difficult to access.

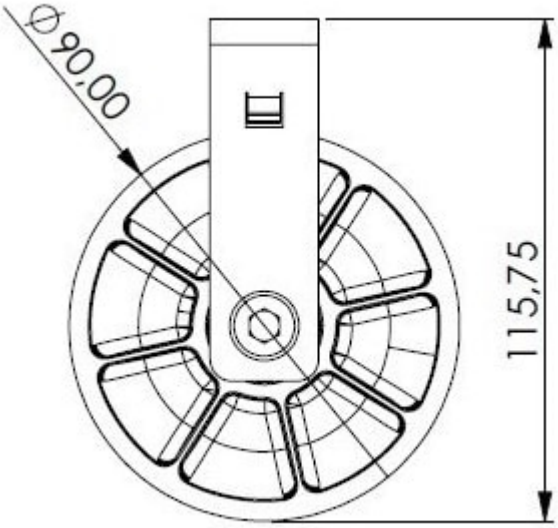

- Impact resistant pulley
- Galvanised steel bracket
- Two ball bearings
- Load capacity: up to 350 kg
- Made in Germany
