## Description

- **Product:** PE film 90 my
- **Color:** Black
- **Width:** 168 cm
- **Length:** 100 m
- **Application area:** Protective layer for irrigation mats on planting tables
- **Material:** Polyethylene (PE)
- **Function:** Prevents water loss, protects against damage
- **Advantages:** Durable, waterproof, easy to install

The **PE film 90 my** serves as the bottom protective layer on greenhouse tables and prevents unwanted water runoff. It protects the irrigation mat above from mechanical damage and ensures optimal water retention.

Thanks to its robust and waterproof properties, it is ideal for professional use in nurseries and tree farms. The black color reduces light transmission and minimizes algae growth.

With a width of **168 cm** and a length of **100 m**, it offers an efficient solution for sustainable water management.
