Description

- **Application area:** Universal wire tensioner for tightening cables and wires in shading systems
- **Material:** Galvanized steel for high corrosion resistance
- **Size:** 86 mm
- **Packaging unit:** 1, 50 or 100 pieces
- **Special feature:** Versatile use across various applications

The **Galvanized wire tensioner (86 mm)** is a robust and reliable solution for tightening cables and wires in shading systems. Its galvanized surface provides excellent resistance to rust and weathering.

Thanks to its universal design, the tensioner is suitable for a wide range of applications in greenhouse technology and beyond.
