Description

- **Application:** Used in greenhouse drop-vent systems and other lift or drop-down solutions
- **Material:** PES multifilament with 1100 dtex for high tensile strength
- **Feature:** Highly UV-stabilized for indoor and outdoor use
- **Packaging Unit:** 250 linear meters on spool

The **Black 20 mm PES Strap for Pulley** is mainly used for constructing drop vents in greenhouses, but it's also suitable for lift and drop-down systems in other industries.

Thanks to its 1100 dtex PES multifilament construction, the strap offers excellent strength and resilience. Its UV stabilization makes it ideal for long-lasting indoor and outdoor applications.

It comes wound on a spool, delivered in units of 250 linear meters.
