Description

- **Application:** Irrigation mat
- **Dimensions:** 30 cm × 52 cm
- **Material:** High-capillarity fleece
- **Water storage capacity:** approx. 1 L/m²
- **Weight:** 100 g/m²
- **Packaging unit:** 400 pieces (pre-cut)

Aquafil is a further development of the standard irrigation mat. It can be laid very neatly, and the high-capillarity fibers ensure that even small unevenness in the surface is overcome and water continues to distribute evenly. This guarantees optimal water supply to your crops at all times. The lightproof and absorbent structure prevents algae formation and ensures clean irrigation.
