Description

- **Application:** Connecting fabric guides to push rods in shading systems
- **Material:** Aluminum for high strength and corrosion resistance
- **Installation:** Serves as a mounting point for ventilation pushers on 27 mm steel tubes
- **Packaging Unit:** 150 pieces

The **Clamp Piece for Shading + Ventilation ø 27 mm** is an essential component in shading systems. It forms a secure link between fabric guide tubes and push rods, while also acting as a mounting base for ventilation pusher units on 27 mm steel tubing.

Its high-quality aluminum construction offers excellent stability and corrosion protection, ideal for long-term use in professional greenhouses.

The clamp piece features a straightforward mounting process and robust design, ensuring reliable functionality over time.
