- **Mounting:** Can be hung using S-hooks without further finishing
- **Features:**
 - Higher reflection performance for demanding climates
 - Absorbs moisture for a dry, fungus-free growing environment
 - Made in Germany

FFS 4/4 alu-white - 350 cm stands out with a higher shading rate of approximately 65%, offering greater protection in environments with intense solar exposure. The reflective aluminum threads limit heat penetration, while the acrylic component helps regulate humidity.

Perfect for growers who need enhanced shading performance, it installs easily with S-hooks and comes ready for immediate use—no edge-finishing required.

Note: Pricing applies to the fabric only. Finishing services may incur additional fees.
