Description

- **Application:** Bearing support for 34 mm drive shafts in ventilation and shading systems
- **Material:** Galvanized steel for high corrosion resistance
- **Mounting:** Equipped with mounting holes for M8 screws
- **Feature:** Two-piece housing allows easy bearing replacement

Pillow block 1" with bearing is a robust and durable solution for supporting 34 mm drive shafts in greenhouse ventilation and shading systems. Its galvanized steel construction ensures long-term corrosion resistance, making it ideal for demanding environments.

The two-piece design enables quick replacement of the ball bearing when needed. With integrated M8 mounting holes, it offers secure and stable installation—perfect for professional greenhouse applications.
