Description

- **Application area:** Fastening fabric to the clip profile of the fabric drop
- **Material:** High-quality plastic for a lightweight yet stable connection
- **Locking mechanism:** Self-locking closure for secure fixation
- **Installation:** Simple hooking without additional tools
- **Packaging unit:** 100 pieces

The **Screen hook** is a proven solution for securely fastening fabric to clip profiles in shading and ventilation systems. Its self-locking closure ensures stable fixation without the need for additional fasteners.

Made from high-quality plastic, the Screen hook offers excellent resistance to environmental influences and is ideal for long-term use in greenhouses and other demanding environments. The simple hook-in installation allows for quick setup, making the Screen hook especially suitable for professional applications.
