Description

- **Application:** Mounting drive shafts for suspended shading systems with gable drive
- **Material:** Hot-dip galvanized steel for high stability and corrosion resistance
- **Installation:** Square tubes are directly flanged to the motor bracket
- **Features:** Easy installation without manual alignment of the drive shaft
- **Compatibility:** Suitable for EWA 12 gear motor
- **Scope of delivery:** Includes bolts and nuts for flanging the tubes

The **Motor mountLock 50.50** positions the drive shaft precisely for the drive system and simplifies installation through intuitive handling. It is ideal for suspended shading systems with gable drive.

Square tubes are flanged directly to the motor bracket, with all necessary bolts and nuts included. The hot-dip galvanized steel ensures excellent durability and corrosion protection.
