## Description

- **Application area:** Connecting two screen profiles at an angle – ideal for side-suspended fabric
- **Installation:** Screwed into the profile ends – includes screw and pre-cut thread
- **Material:** Aluminum – lightweight, strong, and corrosion-resistant
- **Packaging unit:** 50 pieces
- **Special features:**
  - Compatible with all common screen profile types
  - Enables stable angled connections in complex system layouts
  - Ideal for constructions with side-suspended shading fabric

The **Angled connector for screen profiles** is a versatile component for creating stable corner connections between two screen profiles. Especially in side-suspended shading systems, it ensures a secure and precise fit. Made of aluminum, it offers high strength at low weight and excellent corrosion resistance—perfect for long-lasting greenhouse installations.
