Description

- **Application:** Preventing polyester wire abrasion on screen profiles in laid-out shading systems
- **Material:** Plastic
- **Highlight:** Connects the supporting wire with the screen profile in suspended systems
- **Installation:** Positioned in the screen profile’s screw channel and glides side to side
- **Packaging Unit:** 500 pieces

The **U-Shaped Profile Glider** provides a protective guide for polyester wire in shading systems, preventing damage from screen profile contact. It also serves as a connection element in suspended structures.

Mounted in the **screw groove** of the screen profile, it slides horizontally to allow flexible adjustment within the setup.
