Description

- **Application:** Shading systems for greenhouse installations
- **Material:** Cost-effective knitted fabric with white and transparent bands
- **Width:** 430 cm
- **Feature:** Acrylic yarns support optimized humidity regulation

EcoScreen 70 FR white - 430 cm is a high-quality closed knitted screen for use in both suspended and laid shading setups. The translucent white yarns allow natural daylight to pass through while maintaining thermal buffering—ensuring plants receive sufficient light for photosynthesis.

The screen is used as both a shading and energy curtain and supports a more balanced growing environment by enhancing moisture and temperature control inside the greenhouse.

Note: Price refers to raw material only. Optional finishing or customization may incur additional costs.
