Description

- **Application:** Blackout woven fabric for horizontal or vertical installations
- **Material:** Black woven fabric
- **Width:** 480 cm
- **Characteristic:** Functional light-blocking textile for suspended systems

PH1-FP Blackout Woven Fabric - 480 cm offers a practical solution for high-coverage blackout applications. Ideal for draped or mounted systems, it delivers consistent shading and flexible handling across various formats.

Its generous width minimizes seams and installation effort—reliably adaptable to horticultural and technical shading requirements.

Note: Quoted price applies to material only. Additional costs may apply for custom fabrication.

Product information

Flame retardant (DIN 4102 B1):	No
