Description

- **Application:** Guide rail for motor mount and counterweight in Tower Roller Plus systems
- **Length:** 6.00 m
- **Material:** Anodized aluminum
- **Features:** Integrated slot for plastic safety cover - quick installation
- **Function:** Stabilizes and guides the motor console and counterweight

The **Tower Roller Plus Guide Rail - 6.00 m** is the longest standard profile in the Tower Roller Plus system. It ensures precise guidance of the motor console and counterweight, with a built-in slot for a protective plastic cover. Built for durability and ease of installation.
