Description

- **Application:** Cover film for irrigation mats
- **Dimensions:** 12 cm × 60 m (5 rolls = 300 m)
- **Material:** Lightproof, perforated film
- **Packaging unit:** 5 rolls

Aquaplus is a lightproof, perforated film for covering irrigation mats. It prevents algae formation and ensures clean irrigation. The perforation allows water to pass through to the mat. The film is easy to cut and can be laid precisely. The narrow rolls are ideal for edge zones or custom applications.
