Description

- **Product:** Rose and fruit clip L 9.5 cm
- **Compatible wire diameters:** 3 mm and 2 mm
- **Packaging unit:** 1,000 pieces
- **Application area:** Greenhouses, fruit and viticulture
- **Material:** High-quality plastic
- **Function:** Secure hold for plants, protection against wind and mechanical stress
- **Advantages:** Quick to use, durable, UV-stabilized

The **Rose and fruit clip L 9.5 cm for 3 mm and 2 mm wire** is the perfect choice for securely fastening plants in greenhouses as well as in fruit and wine cultivation. Thanks to its high-quality plastic construction, it provides reliable support for plant stems and shoots without causing damage.

The clips are specifically designed to protect plants from wind and mechanical stress, allowing them to grow and thrive optimally. With a packaging unit of **1,000 pieces**, the rose and fruit clip is ideal for professional use.

Its easy handling enables quick attachment, helping to streamline work processes. In addition, the clips are **UV-stabilized** and particularly durable, maintaining their function even under intense light conditions.

Whether for roses, fruit trees, or grapevines – this clip ensures stable fixation and supports healthy plant growth. An indispensable tool for gardeners and farmers who value quality and efficiency.
