Description

- **Application:** Universal wire tensioner for tightening cables and wires in shading systems
- **Material:** Galvanized steel for high corrosion resistance
- **Size:** 86 mm
- **Packing unit:** 50 pieces
- **Special feature:** Versatile use in various applications

The **Wire Tensioner Galvanized (86 mm)** is a robust and reliable solution for tightening cables and wires in shading systems. Its galvanized surface offers excellent resistance to rust and weather effects.

Thanks to its universal design, the tensioner is suitable for numerous applications in greenhouse technology and beyond.
