Description

- **Application:** Fastening element for securing sub-roof film to greenhouse structural beams
- **Material:** Durable plastic for long-lasting use
- **Packaging Unit:** 1000 pcs

Snapper 1.5 is a versatile connector specifically designed for **attaching sub-roof film to greenhouse beams**. Its sturdy plastic body ensures reliable and long-term performance in demanding outdoor conditions.

With its easy-to-use design, Snapper 1.5 enables quick and secure installation, significantly improving the overall stability of the film attachment within greenhouse construction.
