Description

- **Application:** Protecting polyester wire from abrasion caused by screen profiles in laid-out shading systems
- **Material:** Plastic
- **Highlight:** Links suspension wire and screen profile in hanging installations
- **Installation:** Mounted in the screw channel of the screen profile, allowing lateral sliding
- **Packaging Unit:** 100 pieces

The **Wire guide u fits screenprofile** guides the wire and prevents abrasion from screen profiles in laid-out shading systems. In suspended setups, it connects the carrying wire to the screen profile.

It's installed within the **screw channel** of the screen profile and can slide left and right, allowing flexible positioning for an optimal fit.
