Description

- **Product:** Ground fabric anchor Type I
- **Length:** 25 cm
- **Packaging unit:** 120 pieces
- **Application area:** Securing woven ground fabric on cultivation areas
- **Material:** Durable, flexible plastic
- **Function:** Secure hold for the fabric
- **Advantages:** Reusable, easy to use

The **Ground fabric anchor Type I, L 25 cm** is a reliable solution for securely fastening woven ground fabric on cultivation areas. It ensures stable fixation and, thanks to its special design, can be easily removed from both soil and fabric for reuse.

Made from durable, flexible plastic, the anchor offers high resistance and long service life. With a length of **25 cm**, it provides a firm grip in the soil and prevents the fabric from shifting.

The packaging unit of **120 pieces** makes it ideal for professional use in nurseries and agricultural operations. An essential tool for gardeners and farmers who value a reliable and reusable fastening solution.
