## Overview

# Cable tensioner device

**Product number:** 01600105

## Description

- **Application:** Tensioning aid for wire ropes and cables in greenhouse systems
- **Material:** Galvanized steel for excellent strength and corrosion resistance
- **Function:** Ensures secure tightening of wires and ropes
- **Highlight:** Suitable for both manual use and tensioning devices

The **Spannfrosch**, also known as a **Wire Tension Clamp**, is a dependable tool for tensioning cables and wire ropes in greenhouses. It offers secure fastening and can be operated manually or with a dedicated tensioning tool.

Its robust galvanized steel build ensures both long-term durability and corrosion resistance—ideal for continuous use in professional installations.
