Description

- **Application area:** Screw-mounted pulley for square pipes in shading systems
- **Material:** Pulley made of impact-resistant plastic, bracket made of galvanized steel
- **Compatibility:** Suitable for square pipes measuring 60 × 60 mm
- **Rope diameter:** Suitable for wire ropes up to 3 mm in diameter
- **Installation:** Pre-mounted for rear installation - front or bottom installation possible by adjusting axle position
- **Axle positioning:** Pulley can be positioned at three different heights using the bracket's three mounting holes

The **Pulley 100 H with universal bracket 60 × 60** is a robust and durable solution for shading systems. It is screw-mounted directly onto square pipes and is pre-configured for rear installation. By adjusting the axle position, it can also be used for front or bottom mounting.

Thanks to the combination of impact-resistant plastic for the pulley and galvanized steel for the bracket, it offers high stability and corrosion resistance.
