Description

- **Application area:** Professional rack grease for treating racks in greenhouse ventilation and shading systems
- **Usage:** Annual maintenance with this grease ensures long-term, smooth operation of rack drives
- **Application method:** Can be applied to the racks using a brush
- **Packaging:** Supplied in a cartridge suitable for 400 g grease guns
- **Packaging unit:** 24 cartridges

Rack grease 400 g is specially developed for maintaining racks in greenhouse systems. It provides optimal lubrication and extends the service life of rack drives.

Thanks to its easy brush-on application, the grease can be distributed evenly across the rack surface.

This product is ideal for professional use and helps maintain the efficiency and reliability of ventilation and shading systems.
