Description

- **Application:** Bearing point for 34 mm drive shafts in ventilation systems
- **Material:** Galvanized steel
- **Mounting height:** Lower edge to shaft center: 62 mm
- **Slide bearing:** Highly wear-resistant bronze sintered ring
- **Installation:** Straight mounting holes for easy fastening
- **Special features:**
 - Durable and suitable for high loads
 - Slide bearing eliminates the need for lubricants

The **Fiberlane 1" support plate** serves as a reliable bearing point for 34 mm drive shafts in greenhouse ventilation systems. Thanks to the highly wear-resistant bronze sintered slide bearing, it is especially durable and requires no additional lubrication.
